PROFESSIONAL EXPERIENCE

Wells Fargo 2016 / 2019

Service Manager

Guided the branch to become the state's number one in Foreign Currency revenue by analyzing and anticipating customer needs. Branch always performed above the threshold in the Internal Audit by coaching, developing my team, organizing, and prioritizing tasks to succeed.

Wells Fargo 2015 / 2016

Lead Teller

Recognized for my attention to detail, high level of customer service, strong professionalism, and minimal errors by being named one of the two District Ambassadors.

Wells Fargo 2012 / 2015

Teller

Established friendly and professional customer interactions which helped to build strong relationships with the customers over the years.

DEVELOPMENT PROJECTS

Care Package 11-2019

Solution created in the Veterans Codeathon for the White Challenge. Application helps pinpoint location of homeless to ease the assistance of VSOs. I helped with the simulation of the database using JSON server.

Movie Project 11-2019

Application that allows users to view movies using json server to simulate a Database. Users can edit, add, remove and rate movies. Contributed with Javascript, Bootstrap and Ajax requests.

Weather Application 11-2019

Application that allows users to display the weather in selected cities for a three day forecast. Used Dark Sky and Mapbox API with Javascript, HTML and CSS.

ACADEMIC BACKGROUNDS

Codeup 02- 2020

Certificate of Completion

A fully-immersive, project-based, and intensive 20 week full stack Java career accelerator that provides students with 670+ hours of expert instruction in software development.

UT Pan American 01-2004 / 12-2008
Bachelor Degree in Computer Science

Achieved the Dean's List in both Fall 2006 and Fall 2007. Completed 145 GPA hours.
